BUT WHERE DO I PARK?

The Chess Club is located in a beautiful neighborhood, but available parking can be difficult to find.

The best solution is not to drive at all! If you are coming from within the city or nearby Illinois, you may be able to get here on the MetroLink light rail system. The Central West End station is near Barnes-Jewish Hospital, just a bit south of the club. There are also MetroBus routes that pass through the neighborhood, many of which can drop you off within a block of the club.

If you will be driving, you can use this map to help you find street, garage or lot parking. The meters are enforced from 8am-7pm, Monday-Saturday, and have a two-hour limit.

The streets labeled green on the map have free spaces, but finding a spot in these areas is often a matter of lucky timing.

Please refrain from parking in restricted zones, alleyways, or residential neighborhoods.
